

## Bird Kites Activity

### Description

Students explore the flight of birds by creating a bird kite.

### Materials

- Construction Paper
- Stapler
- Scissors
- Tape
- Markers
- Hole punch
- String

**Time – 60 minutes**

### Instructions

1. Using one sheet of construction paper, fold it in half.
2. Fold one corner back to the center and staple.
3. Flip the paper and repeat.
4. Add a beak, eyes, and feathers to your bird.
5. Punch a hole behind the staple.
6. Tie about 5 feet of string to the hole.
7. Tie a circle in the other end of the string.
8. Put your hand through the circle of the string.
9. Go outside and let your birds fly!
